

## Instruction for linking the courses (in Polish – podpięcia)

Linkage is important, because if you do not link the course you will be unregistered!!!

1. After you register to the course – either online in USOSweb or after visit to the secretary of the department – you will be registered and you can check it in your MY USOSWEB.

Application successfully saved.  
→ see your cart  
**Remember about course linking!** Your faculty might require you to manually link your courses to your study programs. You may do it after you complete the course, but you can also do it now (in case you forget later).  
→ link it to study program now

Courses in registration  
(in Polish) Registration for Erasmus students at the institute of psychology 2014/15  
IPs-2014/15-ERASMUS

This list includes courses which are temporarily excluded from registration (but they were or will be included during other rounds of this registration).

go back to the registration calendar

show course groups in separate column  
 show brief course description under each row  
 show terms and registration carts + details
